OFFICE OF PETITIONS

DECLARATION OF LILIANA CANCINO IN SUPPORT OF
SECOND REQUEST TO REVIVE AN ABANDONED PATENT APPLICATION

Mail Stop
Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Sir:

COMES NOW, LILIANA CANCINO, and states and declares as follows:

In my first Declaration in Support of the Request to Revive an Abandoned Patent Application, I outlined my occupation and duties in the Law Offices of Robert J. Schaap. I also wish to advise that it is a practice in this office to submit an acknowledgment postcard with every document submitted to the U.S. Patent and Trademark Office. In fact, the number of postcards submitted is so voluminous that we keep a large stack of them pre-printed so that one merely handwrites the necessary information in that postcard.

At the end of the day, when all mail is submitted, the postcard is run through a mailing machine so that it is pre-stamped with the date of mailing.

We also use a system in this office in which all incoming mail also receives a "Received Stamp". That Received Stamp identifies the date of receipt of that mail.

I do, in fact, know that I signed the Declaration of Liliana Cancino dated March 14, 2003, in support of the Request to Revive an Abandoned Patent Application. That signature on the document is my signature.

I was also responsible for mailing all of the documents related to that original Request to Revive an Abandoned Patent Application to the U.S. Patent and Trademark Office. Such is the case by virtue of the fact that the Certificate of Mailing is also signed by me.

I do, in fact, know that we submitted all of these documents to the U.S. Patent and Trademark Office and we are completely at a loss to understand why they had not been received in the U.S. Patent and Trademark Office.

I am also aware that the applicant has no intention of abandoning this application, such as been reported to me previously by Robert J. Schaap.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under

Section 1001 of Title 18 of the Unites States Code, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this declaration is directed.

Dated: 3/01, 2005

Respectfully submitted,

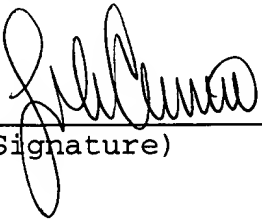

LILIANA CANCINO
